Management Platform

**Managing 1 Network from 1 Cloud
Reduces Risk, Simplifies Operations**

Unified

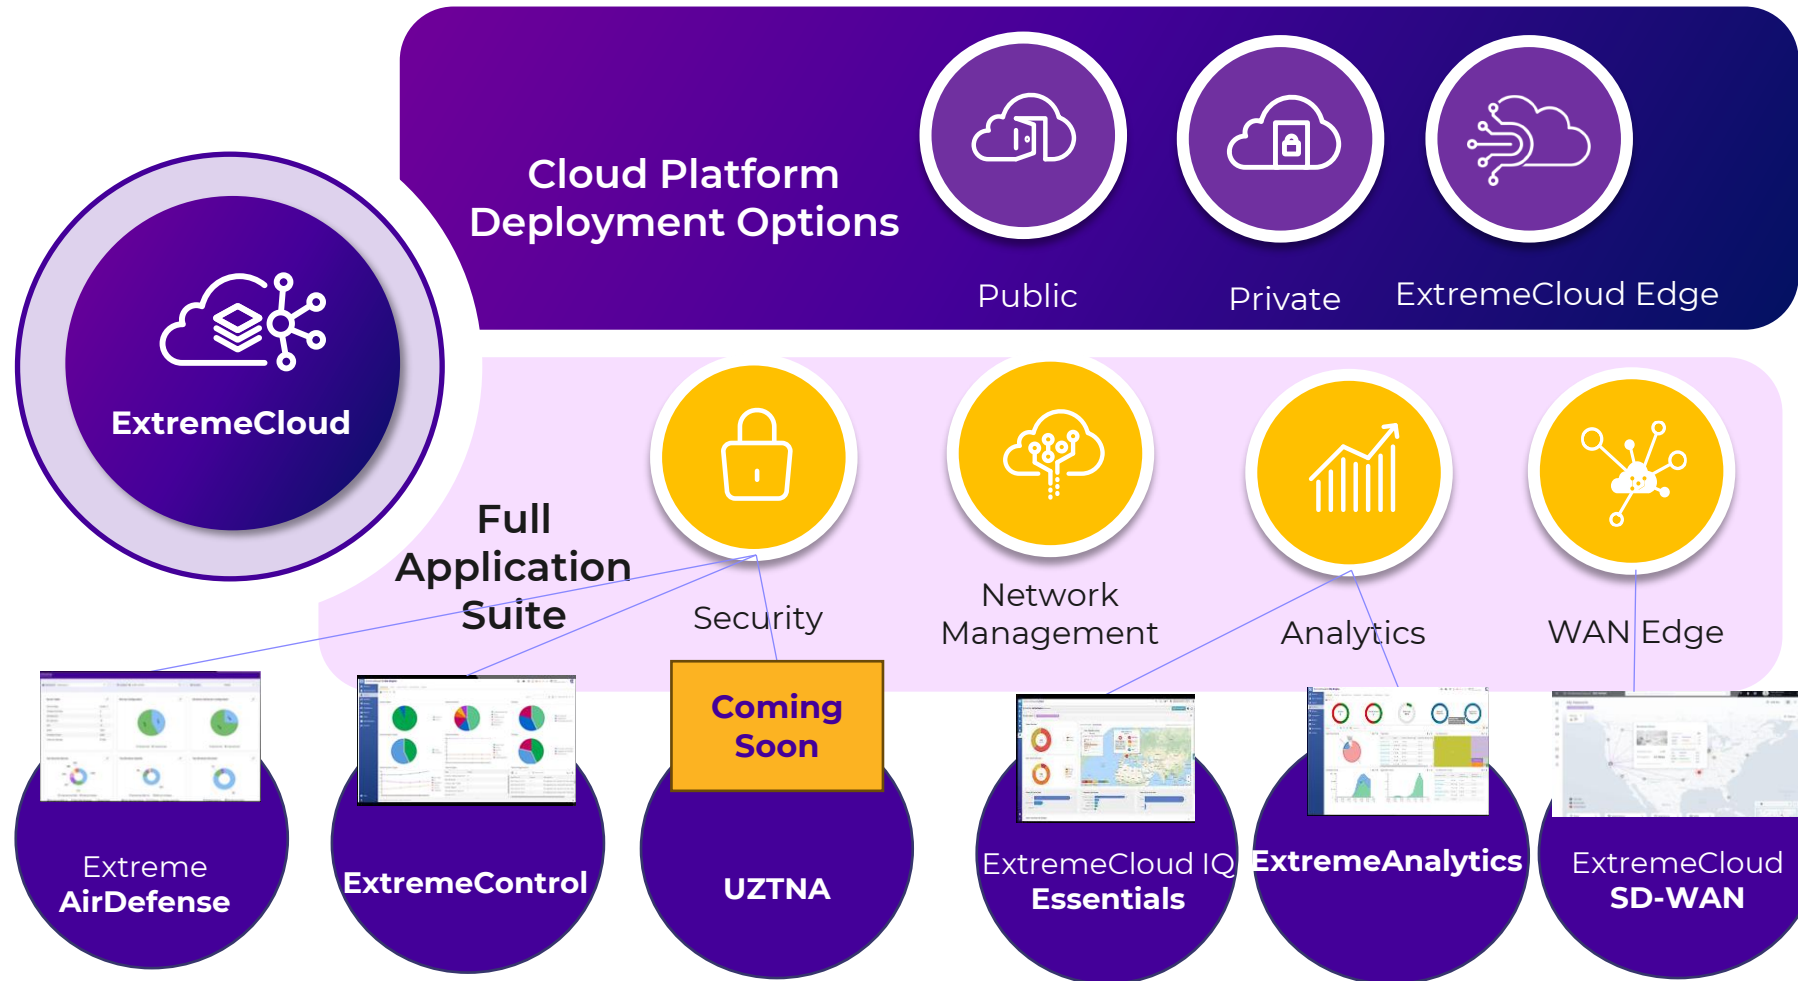

- Manage all your devices (Extreme cloud-enabled, non-cloud Extreme, 3rd party, and IoT)
- End-to-end management of wireless, switching, and SD-WAN

Automated

- Actionable, Explainable AI insights and recommendations to proactively improve network & client performance
- Simplified cloud migration

Secure

- Deployable across Cloud Continuum – Public, Private, ExtremeCloud Edge
- AIOps solution that is ISO 27001/27701/27017 and CSA-STAR certified, SOC 2 & GDPR compliant
